

Department of Accounting
Faculty of Commerce and Management Studies
Jai Narain Vyas University, Jodhpur

8 September, 2023

For the academic session 2023-2024, the B.Com. (Accounting and Fintech) program will institute a mandatory weekly assessment regimen. This communication outlines the specifics of this initiative in a clear and unequivocal manner:

Weekly Assessment Schedule:

1. **Frequency:** Weekly, every Monday (or the immediate subsequent working day in case of a holiday).
2. **Duration:** Strictly 30 seconds per question.
3. **Total Questions:** A total of 10 questions per subject.

Assessment Evaluation:

1. The assessment grading shall take into account the correctness of answers as well as the time taken to respond to each question.
2. Points will be allocated per question, with scores determined by both accuracy and speed.
3. Final assessment scores will be an average of all assessments conducted for each subject.

Absence from Assessments:

1. Absence from any weekly assessment will necessitate the submission of written application along with credible documentary proof.
2. The acceptance of application for missed assessments rests solely within the discretion of the Head of the Department (HOD).

Dress Code and Badge Requirement:

1. Conformance to the stipulated dress code is mandatory for all assessment sessions.
2. You are expected to wear your identification badge conspicuously during the assessment.
3. Additionally, students must carry their ID card.

Failure to adhere to the prescribed dress code, badge requirement, or ID card display will result in immediate disqualification from participating in the assessment.

The administration expects and demands unwavering dedication to this assessment framework, as it is integral to your academic development. Non-compliance or indifference to these regulations will not be tolerated.

Dr. Mangu Ram
Head of Department
